

## Information About Our Business and Extended Tax Returns

### *Did You Know We Prepare Tax Returns For Our Clients In Over 25 States And Several Countries?*

While most of our clients live in New York, we have many clients in other states who require preparation of individual returns as well as corporate, partnership and estate returns. We also have clients who live overseas for whom we prepare all the required tax returns and Foreign Bank Reporting (FBAR).

If you are planning a move to another state, or another country, please let us know and we can help you get organized for the first tax season in your new location as well as subsequent tax years.

### [Extended Tax Return Information](#)

If you are one of our clients who filed for an extension, please note that we are still actively working on 2017 tax returns. We ask that you send us any outstanding tax information and documents as soon as possible so we can complete your 2017 returns. As we get closer to the filing deadlines, returns will be completed in the order in which complete tax information is received. You can fax, scan and email, mail or drop off your tax documents. We have a secure dropbox on the left side of our front porch if you come by when we are closed. Thank you in advance for your timely submission of information.

### [Office Closure](#)

Please note our office will be closed the week of August 6 - 10. We will reopen on Monday, August 13th.
